Also, guess what's coming out in **7 days**??? Wings of Fire book 12!!!!!! Who's excited?

Also x2, I saw a post about this and ought to remind everyone here as well. Since book 12 is around the corner, please mark any posts with spoilers for it clearly in the title of your post!

[Question Corner]

@Grif huh I haven't noticed that before! I'll ask the site devs about it.

@Tidalwave sorry that's all I can say!

@Fantasy You created your account on 10/8/2014 - wow you've been around for quite a while! You can ask for your alt after the secret santa if you want :)

@Snapple Hmm it might be the phrase about Hvitur's parents kicking him out of the house. That's the main thing I see in there that might catch in the filter. Also I really am enjoying this story, it's hilarious. I hope future installments give you much less trouble.

@Fallon @Grendel @Wizard @Element I thought it was about time to reveal myself as not-a-robot! You'll be seeing a lot more of me soon... (this comes off a lot more ominous than intended)

The Sugar Dream is an expensive candy shop in Cicada Hive, said to be the best of the best. You're a young HiveWing with a few scales in your pocket. What do you buy? And more importantly, what do you sneak to your SilkWing friend who's never had such delicacies before?

@Stormbringer you can't post usernames to external sites, that's considered personal information. This is your first offense so this is a warning, but if you try to post one again I'll need to give you a 24hr ban.

@Atlas you too, you can't post other people's usernames to try to get around the rules. This is your first offense as well so it'll be a warning. Please don't try to get tricky on me with this stuff, I know it seems like an annoying rule but it's there to keep you all safe.

@Becky: Kicking him out of the house? That was the sentence I changed and yet it still doesn't find it appropriate? Honestly I don't know what to do with him any more. The system let's a statement about impending doom and mortality through but parent's kicking their son out of the house is unacceptable? I understand it might take that as maybe an abusive relationship, but I meant it as a "he's 27 years old and still living with us!" kinda way. And then I also realize that might not be the answer. Idk, I guess I'll have to remove that part to find out. Thank you for your help, though.

THIS IS THE LAST FORUM NEWS POST OF 2018!!!!!

I will be back **January 7th 2019**. I have some posts scheduled to go up across the WoFMB, SAMB, and 39 Clues MB but won't be here to answer questions or pop into random threads. I hope you find the scheduled posts entertaining. Please treat each other nicely and as always be respectful. *Definitely* no parties while I'm gone! Or taking over the forums!

Have a wonderful holiday and very Happy New Year!

[Question Corner]

@Snapple I completely understand the frustration. You can try again with the same content and see what happens, I really don't see anything wrong with what you've written. I wish I could push stuff through, some changes are coming in the new year and I think things will be much better with the filter maybe even as early as Jan.

@Burner looks like a bunch of your posts came through, so it was likely just a temporary post queue slowdown.

@Darmidnight fancy seeing you here! I am currently reading it, and it's awesome.

What sort of gifts would Pyrrhian dragons give to Pantalan dragons and vice versa! What traditions of theirs do you think differ, and how?

Concepts (I'll be gone for a while! Got to give a bunch!)

Making your way to the North Pole only to find.....just a giant gaping hole in the earth. What happened?

The Great Candy Cane Duel.

You find two snowflakes that are exactly alike.

You go to a thrift store one day and find a red jacket, you put it on only to be suddenly transported into an already moving sled. A holographic projection of a talking reindeer pops up in front of you "Welcome! You're our Santa this year! Hope you're a fast learner, we're on a tight schedule."

You make a dreidel out of clay, and when it's dry and ready, it suddenly comes to life and dashes away. What do you do?

Last but not least - you are an astronaut. You've just been sent on your first mission up to the moon. When you get there, you discover that the moon is, in fact, made out of cheese. There are alien mice who have chewed tunnels all throughout it, like a giant cheesy colony. Their next step is to make it down to earth and steal our cheese supply. Do you join them? Prevent them from doing this? Simply ignore them and live a gouda life of cheese and quiet?

ATTENTION EVERYONE
Hi! This is Silver, you all probably know, Becky is gone till next year. (Sounds like forever, right?) So, until 2019, I'll *try* to temporarily replace her.
Here goes nothing.

[Question Corner]

@Glamour, sorry, I an not a god. Or an admin.
